# Harlequin Studio™

**Harlequin Studio** is produced from a particularly hard-wearing vinyl and its formulation focuses on the demands of dancers. The result is a slip-resistant floor that offers dancers added confidence for demanding choreography and movement.

**Harlequin Studio's** firm but lightweight foam backing provides protection against hard sub-floors and is a great choice when touring. It's ideal for aerobics, zumba, hip-hop, jazz, street, ballet, contemporary and modern dance.

**Harlequin Studio** is designed for dance, studio and stage use and is specified for loose-lay or permanent installation within dance institutions, dance studios, schools and theatres. It's also a superb choice as the vinyl dance surface in conjunction with a Harlequin sprung floor.
